

Position Profile

TITLE: Construction Superintendent

REPORTS TO: Project Manager and Assistant Project Manager

QUALIFICATIONS:

The ideal Superintendent is an active self-starter who expresses a sense of urgency for their work. He or she should be a positive, confident, and passionate person. The right candidate is professional and is willing to represent the Compton Construction brand both personally and visually. This person has a respect for Compton Construction's heritage and drive to improve the community through construction.

The Superintendent should be capable of leading their team to ensure the highest quality work is being delivered on time and under budget. This leader should be a hands-on team player who isn't afraid to get dirty and solve problems. This person is relationship driven and collaborative. They are able to take direction from supervisors, but also delegate tasks to team members appropriately.

He or She knows how to listen and is a good communicator both verbally and written. This person is punctual and willing go the extra mile which can occasionally mean weekend or late hours. The superintendent should have strong field knowledge, but also has a willingness to learn and continue their career growth. This is a patient individual. He or she is confident, but not arrogant.

The person is authentic and personable. He or she should have a good sense of humor and be approachable to clients, co-workers, and subcontractors. The ideal candidate expresses creativity in both personal and work environments.

RESPONSIBILITIES:

The responsibilities of the Superintendent include, but are not limited to, the following:

1. Assist in managing the schedule provided by the Project Manager by supervising the subcontractors and assisting in scheduling daily/weekly tasks of the subcontractors
2. Capable of managing the construction site including opening/closing the jobsite(s) on a daily basis
3. Lead a team of Assistant Superintendents, Laborers, and other team members with effective delegation and strong leadership skills
4. Perform carpentry and labor skills including painting, drywall patching, caulking, framing, and clean-up.
5. Provide superior customer service and ensure excellent customer experience

6. Understand and be able to communicate scope of contract to your supervisors, clients, and subcontractors
7. Ensuring safety and all other Compton Construction job-site policies are upheld
8. Express critical thinking and problem solving skills to identify problems and solutions before they become real issues.
9. Call for permission prior to accepting change orders outside the scope of the original contract
10. Maintain: daily logs, current contract documents, as-built drawing set, first aid kit, fire extinguishers, jobsite table/chair, and any other Compton Construction equipment
11. Physical requirements include sight, hearing, standing, kneeling or crouching in awkward or uncomfortable positions, possibly outdoors or in unheated/un-cooled areas indoors, for long periods of time.
